My dear Kathleen, we decided not to return to Russia on account
of the unpleasant circumstances there waiting till something
better comes. - You imagine how hard it was for me taking
this resolution, leaving my family and friends, my house,
position after having been nearly 50 years in that wonderful
country who became my second but not less beloved home!
So, after a fatiguing summer and a dozen of Concerts given
in Norway, here and Copenhagen (most of them brilliant)
we are here for a forced rest and "profilant de l'occasion"
for a cure which we need both, Mrs. Stein and myself.
The place is beautifully situated and the Sanatorium admirably
managed. - Once a week we go in town to give a few
lessons and Mrs. Stein for "shaping". Until December 10-15

I suppose, we will stay here; later on, obliged to make money
for life, it is not out of question that we sail for America as
old Europa is blocked. - Toscha is here and makes a big
success - and money too. - Mrs. Seidl wants to follow
us, in case we sail. - Would You advise me, my dear Kathleen,
what and how the Seidls ought to manage their affairs in
America; Mrs. Seidl asked me to give her any direction; but
You know Yourself how difficult it is to manage ~~her~~ ones
affairs in such a country as myself I do not know ~~myself~~
how to begin. - What is Your opinion? And which Agent
(for the Seidl boy) would You recommend? writ to ^{the agent} ~~him~~ (before hand or
see what they ^{Seidls} can do after they arrived? I orderd to send You
of my transcription, "The last rose of summer". When will
we meet again? What are You doing excepted meeting stock
ings for the wounded soldiers?

Best kisses for You and
mother from us both. -

L. Anna
